

Breakfast Menu Suggestions

This is the menu we made on December 18, 2016.

Scrambled eggs, some plain, some with cheese, some with onion and peppers.

Bacon, sausage patties

French toast

2% milk - 1 gallon

Fruit cocktail

English muffins (pack of 18 purchased but only 6 eaten) and mini bagels (these aren't popular at all - apparently they get stuck in the toaster)

Juice - orange (1 gallon - only ½ gallon opened) and cranberry-apple (½ gallon - wasn't opened)

What we used:

9 dozen eggs (this included the scrambled eggs and the ones used for the French toast)

5 lbs of bacon

1 package of 30 sausage patties

2 loaves of Texas Toast (about 17 slices per loaf)

1 container of spreadable butter or margarine

1 very large can of fruit cocktail - we added some canned peaches and pineapples that they had at the House. We also added 3 bananas that we bought. (There was lots of fruit cocktail left over, so I would halve the amount)
